A PROPOSAL FOR PRINTING  
*The Holy Bible, Common Prayer, and other Religious Books,*  
In the *MANKS* LANGUAGE.

Hatton Garden, N<sup>o</sup> 9. May 4, 1764.

W HEREAS the Ancient Church and Diocese of MANN, in the Province of YORK, supposed to contain near *Twenty thousand* Souls, the far greatest Number of which are entirely ignorant of the *English* Language, hath for many Ages been destitute of a Printed Copy of the Holy Scriptures and Service of the Church in the Vulgar Tongue commonly used in that Island; by which unhappy Circumstance the several Congregations assembled for Divine Worship, were necessitated to receive an off-hand Translation of the *English* Bible and Common Prayer, according to the different Sense, Attention, and Ability of the Officiating Ministers: To remedy this, the present Bishop of that See, did, in the Year 1762, collect the Contributions of some worthy charitable Persons, and was by his Success therein-encouraged to apply to the SOCIETY for promoting *Christian Knowledge*, for their Advice and Assistance towards carrying this pious Work into complete Execution.

The said SOCIETY having undertaken the Management hereof, under the Direction of the Lord Bishop of SODOR and MANN, think proper to acquaint the World, that the Benefactions already received amount to upwards of *Five hundred Pounds*. Upon which Encouragement, they have printed and dispersed, gratis, in the *Isle of Mann*,— 2000 *Manks* Catechisms,— 1200 Christian Monitors in *Manks*, and — 1000 Copies of the Four Gospels and the Acts of the Apostles in the same Language.

They propose to go forward in this good Design (as soon as they shall be enabled by the Benevolence of well-disposed Persons); to which end the *Apostolical Epistles*, and the *Common Prayer* of the Church of *England*, are already put into the Hands of able Clergymen in the said Island, well skilled in the Language, to be prepared for the Press. After which, the Scriptures of the Old Testament are proposed to be translated and published in the *Manks* Tongue; that this Diocese may be put upon a Level with the rest of their Neighbours, in having the pure Word of GOD, and the Liturgy of the Church, in their own Language, for the Use both of the Publick Assemblies and of their Private Families. After which (if the Fund shall answer) it is proposed to publish such other Books and Tracts in the *Manks* Language, as shall be thought most suitable to promote true Religion and Virtue.

The SOCIETY therefore earnestly implore the Assistance of pious and charitable Persons in favour of this excellent and extensive Scheme; not doubting but that the same gracious Providence, which has prospered all their other Undertakings for the Glory of GOD, and the Salvation of Souls, will also raise up Benefactors to enable them to carry on this good Work.

1763

A close-up photograph of a document page, likely a ledger or record book. The page is divided into vertical columns by faint lines. Two prominent, dark, handwritten checkmarks are visible in the upper portion of the page, one in the first column and one in the second column. The paper appears aged and slightly textured.
